

## 'REALBRIDGE' AUDIO/VISUAL BUTTONS AND CONTROLS

Below are some of the main audio/visual buttons that you will use

	<p>This turns <u>your</u> camera off or on – so the table can/can't see you.</p>		<p>This turns your microphone off or on - so the table can/can't hear you. (Use this to eliminate any background noise in your home.)</p>
	<p>This turns off or on your view of everybody else. (They can still see you.)</p>		<p>This refreshes all of your video feeds. (Use this if they are stuck.)</p>
	<p>This lets you chat to your table. If you are on a PC, the chat bar is already displayed, since the window is wider/bigger.</p>		<p>This lets you adjust a player's volume for just you. (Nobody else is affected.)</p>
	<p>Use this button to ask the opponents to let you change your bid or play.</p>		<p>Calls for a Director</p>
	<p>Sends you back to the lobby where you can see all the tables. (The place where you first arrived.) You can then re-join your table or join another one to see/chat with other players at their table.</p> <p>You should also press the 'Leave' button when your session has ended and then close the program down on your device.</p>		<p>Hide/unhide the other players' videos. You use this if you have a bad connection.</p>
